KBIS 2022: It's A WRAP!

Discontinued Product Listing

Will we see you in Atlanta?

Fire Magic Ad Featured in Upscale Publications For Spring

"That's MY Grill!"

RH Peterson Co. enjoys success at the 2022 KBIS in Orlando, Feb. 8-10

We've just wrapped up a whirlwind 3 days at the **2022 Kitchen & Bath Industry Show (KBIS)**. Held in conjunction with the International Builder's Show, Feb. 8-10, 2022 in Orlando, FL. KBIS is the largest North American event for kitchen and bath design professionals, with more than 70,000 attendees.

With the increased demand for outdoor kitchen/room projects, KBIS was selected as an ideal venue to connect residential design and construction professionals with

RHP products.

The heavily trafficked booth showcased a selection of products across the RHP family of brands including the new **Fire Magic Pizza Oven**. Coming this summer, it received rave reviews from attendees. More than 250 qualified leads were generated from the show.

Here are some images from the show.

Discontinued Real Fyre Product Listing

As recently announced, we have discontinued several slow moving Real Fyre products including the Direct Vent Insert line. As a reminder, here's the complete list.

Discontinued Products

Effective March 1, 2022, the Real Fyre **Direct-Vent Gas Insert** line will be discontinued including all traditional and contemporary gas inserts and directly related accessories (for a complete list, use the QR Code below). The direct vent product line has not achieved adequate sales and we feel the plant space and resources can be better utilized. As with all RHP products, we will of course support the warranty for any products in the field. Other recently discontinued products are also listed below.

DESCRIPTION	SIZE	MODEL #

"That's MY Grill!"

Thanks to all who submitted photos for "That's MY Grill!" Your photo may be used in a future issue of *RHP Connect*.

When contractor Josh Williamson of Manteca, CA designed his own outdoor kitchen, he wanted a full service space for grilling and chilling.

Josh felt the blue backlit knobs provided great ambiance when entertaining friends, family and clients, so he took it one step further and outfitted his entire grill island with the same blue undermount lighting, providing a one of a kind space for his yard.

A **Fire Magic Beverage Butler** personalized with the name of Josh's company, J2 Custom Construction, ensures an icy supply of beverages for guests and the **Built-in Griddle** next to the big daddy **E1060i**, allows versatility in cooking just about anything you might imagine, from breakfast to fajitas.

We couldn't resist including little Miss Williamson in one of the pictures. She's earned the Fire Magic February Fan of the Month award!

Thank you [**@j2customconstruction**](#) for sharing your uber custom Fire Magic outdoor kitchen for this edition of ***That's My Grill!***

Here are a few more images we couldn't resist sharing.

Thank you and cheers to good
health.
